

CVO PRESSKIT

Some people take forever to truly find their passion, CVO aka Casimir von Oettingen has reached a point of clarity, when he created his new alias. His aim is to focus on the minimalistic structures of the electronic genre and add his signature stamp by inducing just the right amount of breaks. He has enjoyed residencies at Renate and Watergate, played venues like Sisypfos, Hoppetosse and Kater Blau. He shared his understanding of electronic music on labels such as Black Sea Side Music, Lauter.Records or As Usual in over 13 active years. In addition he was essential in the birth of „Station Endlos“ in his hometown Halle, where he managed to create a place to get lost in. CVO's well formed and outstanding sound has carefully developed over the last years. Running the vinyl only label „Bladehouse“ which truly focusses on the music rather than the Artist with their „Unknown Artist“ philosophy.
